

**Town of Saukville
Comprehensive Plan 2045**

Citizen Opinion Survey - Results Summary

DRAFT – January 11, 2023

Survey Overview

The Town of Saukville is in the process of updating its Comprehensive Plan, a long-range planning document that addresses a variety of subjects including land use, transportation, community facilities, economic development, housing, and more. As part of this public process, this Citizen Opinion Survey was developed to gather up-front information and perspective from residents on these and other topics. Citizen engagement has been a priority of the Town during this process and the opinions of its residents are important to evaluating the past and future trends that have, or will, shape the community.

The survey was developed with significant input from the Plan Commission and Town Board and contained a total of 24 questions. The survey was made available between October 24 and December 16, 2022 and was put into an on-line format using Survey Monkey, linked to directly from the homepage of the Town's website. Paper copies were made available at the Town Hall if residents weren't comfortable with the on-line format. Flyers were also made that included a QR code with a link to the on-line survey. The survey was promoted through the Town's tax bill newsletter, the distribution flyers, announcements at various committee meetings and other functions. In addition, the survey was promoted during the election and tax collection time.

Summary of Results

Overall, the survey garnered a total of 293 responses with a 97% completion rate and an average time of 12 minutes to complete the on-line survey. More than half of the responses were submitted via a paper survey (153 compared to 140 on-line responses). A broad summary of the survey results are discussed below with the detailed response information comprising the remainder of this document. The percentages below are based on the respondents answering that specific question, not based on the entire number of surveys as not all the questions were answered. Below are the highlights from the survey.

Demographics

- Over 67% of respondents were over 50 years of age. No responses were received from anyone under 18 years of age.
- Over 32% of respondents indicated that they were retired.
- Nearly 60% of respondents have lived in the Town for more than 20 years, with an additional 27.7% living in the Village for 6 to 19 years. Only 12% of respondents were "new" residents of 5 years or less.
- Less than 1% of respondents were non-residents.
- 32.2% of respondents have children living at home.

Housing

- 87.3% of respondents lived in a traditional single-family detached dwelling unit, with about 11.3% living in a on a farm.
- 81.75% of respondents desired additional single-family detached (>1,300 sq. ft.) housing in the future, while 31.23% indicated that 'small' (<1,300 sq. ft.) single-family residential uses should be added.
- 19.3% indicated a need for new senior living/senior housing options in the future.
- 14.74% desired single-family detached housing (townhouse/condominiums).
- Only a small percentage (between 9 – 10%) were in favor of duplex or tri-plex homes, tiny homes, or accessory dwelling units.

Land Use & Development

- 37.1% of respondents were in favor of allowing subdivisions but maintaining a 5-acre minimum lot size

regardless of zoning.

- 26.6% of respondents wanted no more development.
- 17.1% of respondents were in favor of smaller lot sizes while still protecting the natural resources.
- 14.3% of respondents were in favor of allowing 1-2 acre minimum lot sizes.
- For development along the I-43, STH 33, and STH 57 corridors, majority (57.4%) of respondents indicated support for local businesses. The next top three choices were as follows: professional offices (40.7%), recreational uses (36.7%), and highway-oriented commercial (36.3%).

Agricultural, Cultural and Natural Resources

- The majority of respondents (82.9%) strongly agree or agree that the Town should increase efforts to protect sensitive natural resource areas such as wetlands, floodplains, woodlands, stream corridors, and critical wildlife habitat. Only 4.5% of respondents disagreed or strongly disagreed with that statement.
- The majority of respondents (80.6%) strongly agree or agree that the Town should continue to be aggressive in protecting agricultural uses by limiting non-agricultural related development in certain areas. 8% of respondents disagreed or strongly disagreed with that statement.

Transportation

- 73.1% of respondents felt the roads were in moderate to good shape. 26.9% of respondents felt the roads were in poor shape.
- Cold Springs Road, Center Road, and Cedar Sauk Road were the most mentioned when asked to provide locations of known issues.
- 75.8% of respondents would like to see additional off-street biking/hiking paths/trails and 33% would like to see additional on-street bike lanes. 18% wanted to see the addition of electric charging stations.
- A number of comments were to paint lines on the road and allow ATV/UTVs on the roads.

Economic Development

- 59.4% of respondents felt that more work/job opportunities in the Town were somewhat to very important.
- Most felt (55.1%) that there is not a need for more industry in the Town, while 22.8% felt there was a need for more industry.
- 18.8% of respondents worked in the Town. 28.2% worked elsewhere in Ozaukee County. 21.7% stated they were retired. (These numbers were manually calculated based on so many answering retired or that worked outside of the area.)
- In terms of attracting new shopping/retail/service uses in the next 10 years, the following were identified as priorities: restaurants, food/groceries, and hardware stores. The remaining uses (such as banks, auto service/dealer, pharmacies, etc.) had a majority of responses as “no.”.

Community Facilities

- 63.7% of respondents use the recycling center in the Town.
- 88.5% of respondents were satisfied with the number and quality of parks in the Town.

Intergovernmental Cooperation

- 62% agree or strongly agree that the Town works well with its neighboring communities (i.e., transportation, emergency response, municipal service, growth/development, etc.)

Communications

- Most respondents felt that the best way for the Town to communicate with residents are website (64.5%

of responses), as needed email announcements (48.75%), social media pages (41.2%), and quarterly e-mail/printed newsletters (39.4%). Newspaper notices and public meetings were the least preferred methods.

Strengths & Weaknesses

Two open ended questions were used to ask respondents about the Town's greatest strengths and suggested areas for improvement. Over 330 comments were received for these two questions with the top items mentioned being as follows:

Strengths (not in any type of priority order):

- Rural
- Beautiful area
- Natural resources
- Small town/community feel
- Friendly / Caring / Neighborly
- Agriculture/farmland
- Location and proximity to amenities
- Quiet
- Safe
- Parks
- Low density

Improvements (not in any type of priority order):

- Roads (fix and maintain)
- Paint lines on the road
- Broadband access
- Snow removal
- Communication
- Light pollution
- Trees overhanging the roads
- Better hours for recycling center
- Garbage collection

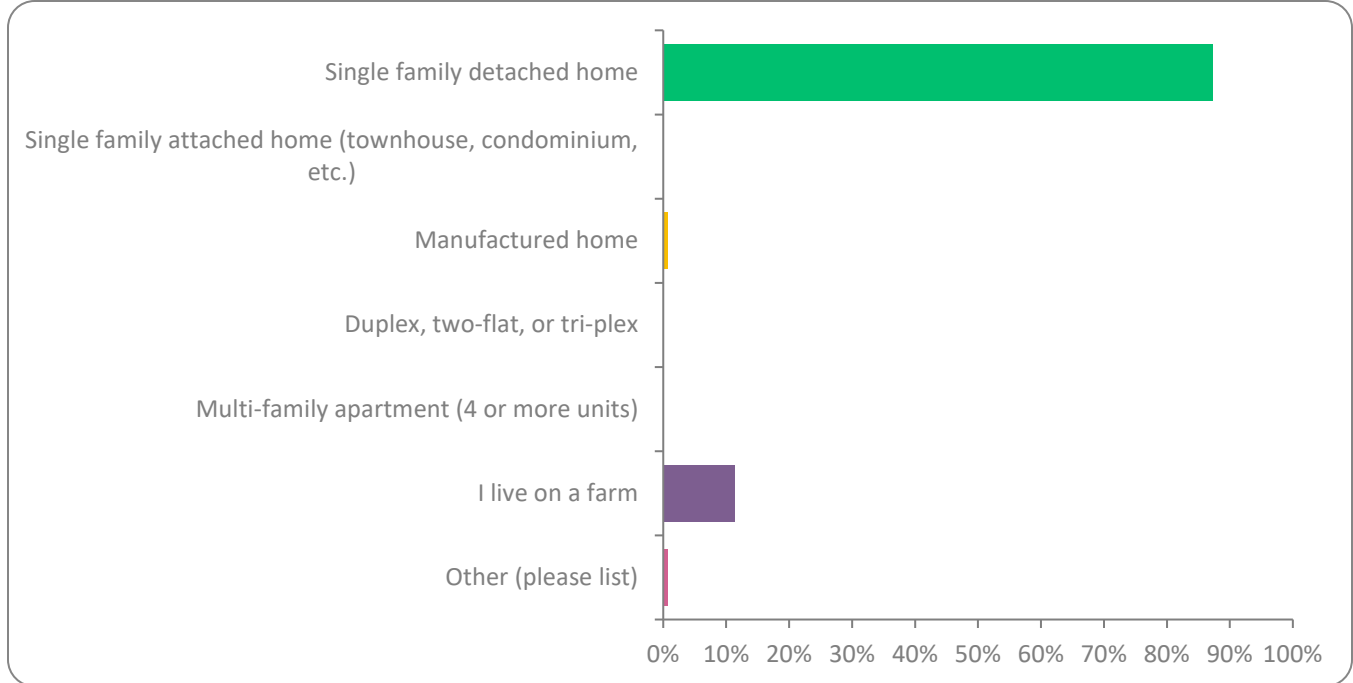

Other Comments

Over 85 additional comments were made in the last open ended question which asked for any additional thoughts. Some of the most mentioned items include (not in priority order):

- ATV/UTV access on roads
- Stay rural
- Keep what we have
- People own their property, not the Town
- Ban solar and wind farms
- Limit development

Q1: I currently live in a (please check one)

Answered: 291 Skipped: 2

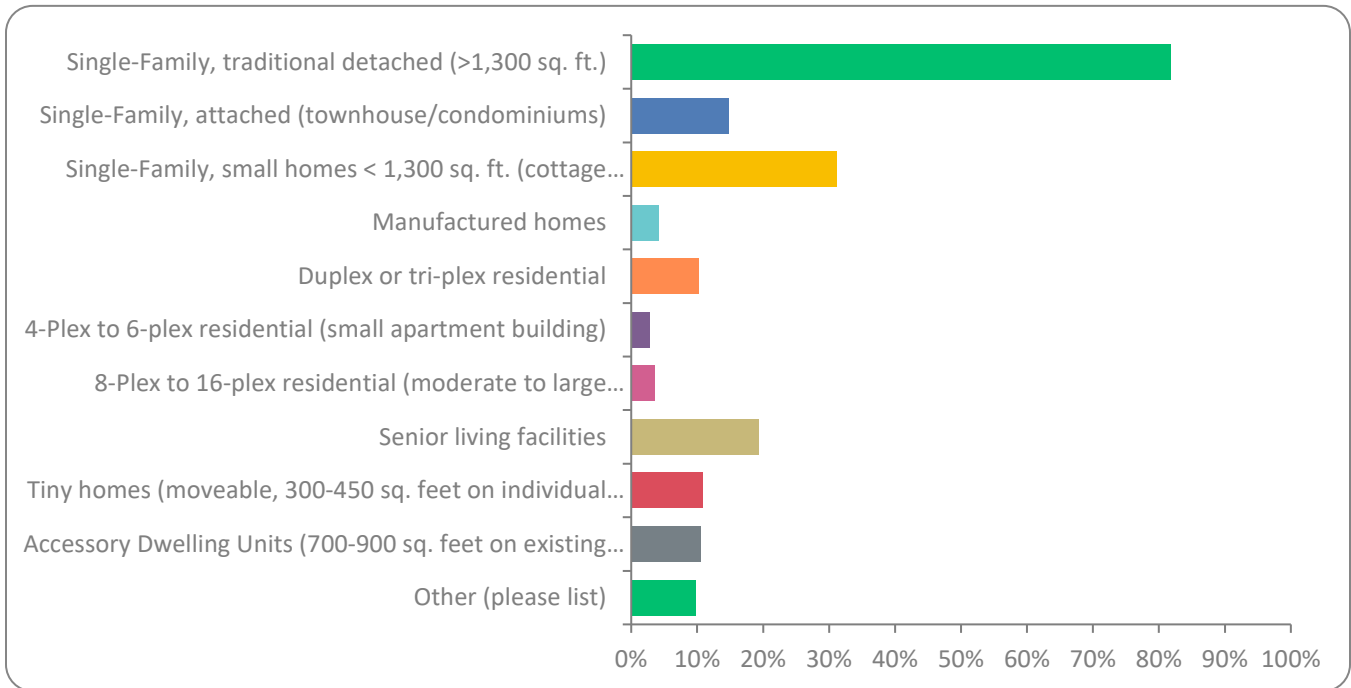

ANSWER CHOICES	RESPONSES	
Single family detached home	87.29%	254
Single family attached home (townhouse, condominium, etc.)	0%	0
Manufactured home	0.69%	2
Duplex, two-flat, or tri-plex	0%	0
Multi-family apartment (4 or more units)	0%	0
I live on a farm	11.34%	33
Other (please list)	0.69%	2
TOTAL		291

Other (Please list)

- 1840's home with barn
- original farmstead.

**Q2: What types of housing development do you think are needed in the Town over the next 10 years?
(please check all that apply)**

Answered: 285 Skipped: 8

ANSWER CHOICES	RESPONSES	
Single-Family, traditional detached (>1,300 sq. ft.)	81.75%	233
Single-Family, attached (townhouse/condominiums)	14.74%	42
Single-Family, small homes < 1,300 sq. ft. (cottage style, etc.)	31.23%	89
Manufactured homes	4.21%	12
Duplex or tri-plex residential	10.18%	29
4-Plex to 6-plex residential (small apartment building)	2.81%	8
8-Plex to 16-plex residential (moderate to large apartment buildings)	3.51%	10
Senior living facilities	19.30%	55
Tiny homes (moveable, 300-450 sq. feet on individual lots)	10.88%	31

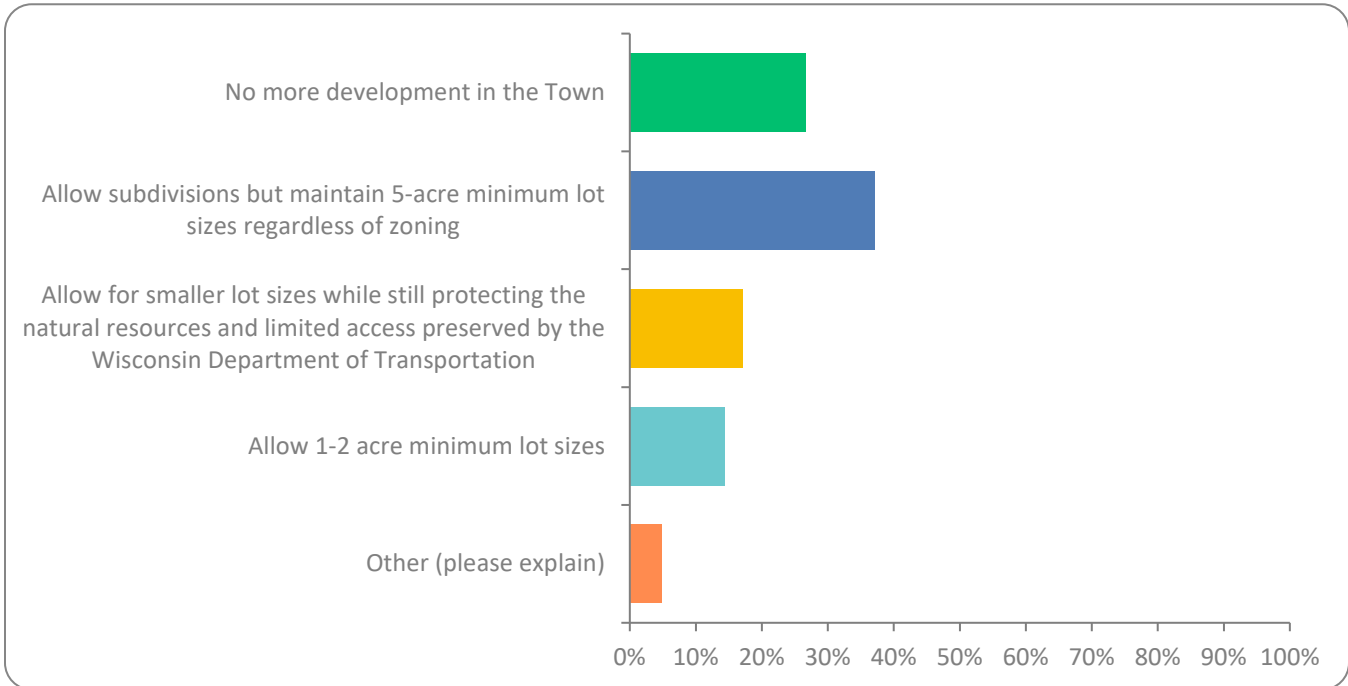

Accessory Dwelling Units (700-900 sq. feet on existing residential lots)	10.53%	30
Other (please list)	9.82%	28
TOTAL		567

Other (please list)

- Free Standing Garage
- 1200-1600 sq. ft. ADUs
- maybe a little less sq. ft. for ADUs?
- I guess affordable if economy continues in the direction it has been the last 2 years.
- None
- None
- None
- Affordable Housing
- None
- I do not know the advantages of increased development except money. I live in the town because I want to live in the "country" My preference is that it stays Rural.
- I don't think we need more housing developments
- I do not feel that any protracted development in needed in the Town.
- None
- Old Farmhouse
- None
- Allow multiple houses on farms to accommodate current and next generation families on the same land
- Keep lot size to 10 acres or greater.
- Keep it rural
- Mixed but in cluster areas
- I don't think development is needed
- None
- none---country life--quiet--why i moved to the town
- None
- None
- I would not like to see any major developments like subdivisions, but am okay with single family homes being constructed one a minimum of 20 acres lots
- None
- Minimum 5 acres
- No more Developments

Q3: Economic conditions generally create demand for new development, but the local government may regulate density and where development may take place. The current Comprehensive Plan and subdivision ordinance has been focused on limiting growth by limiting minimum lot sizes to 5 acres or larger. Please select the statement that most closely describes your view on future development in the Town of Saukville? (please check one)

Answered: 286 Skipped: 7

ANSWER CHOICES	RESPONSES	
No more development in the Town	26.57%	76
Allow subdivisions but maintain 5-acre minimum lot sizes regardless of zoning	37.06%	106
Allow for smaller lot sizes while still protecting the natural resources and limited access preserved by the Wisconsin Department of Transportation	17.13%	49
Allow 1-2 acre minimum lot sizes	14.34%	41
Other (please explain)	4.90%	14
TOTAL		286

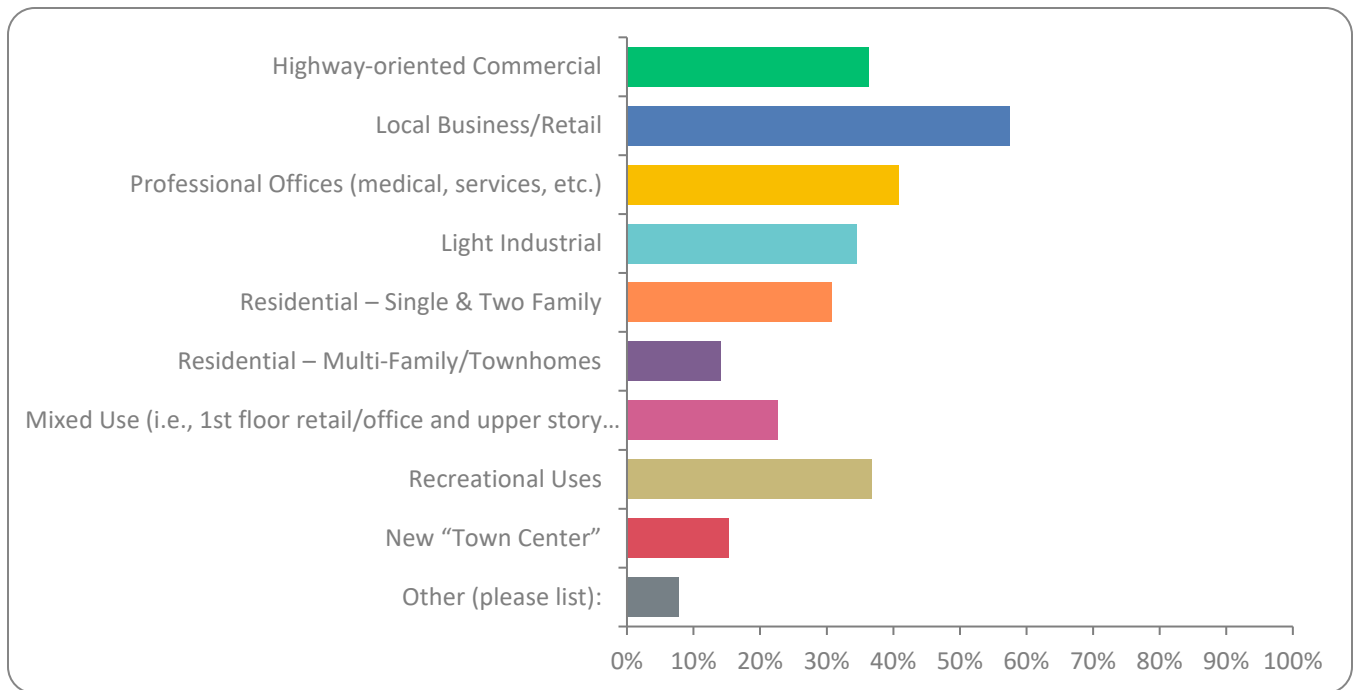

Other (please explain)

- Current development OK - 5 acres

- 5 acre minimum lot size
- Would like 5 acres minimum lot or larger ordinance to remain
- Keep as is. No subdivisions
- No subdivision - 5 acre OK
- Stay with current plan
- Allow for large apartments and senior living. No single family homes.
- Allow subdivisions but with 10 acres minimum lot size
- 2 acre minimum lot size
- maintain stand alone homes on 5 acres, but also allow subdivisions with >2.5 acre lots
- Allow 3-5 acre minimum lot sizes
- No subdivisions! If it is constructed, I would increase the acreage to 10. Seclusion is what brings value to our properties, subdivisions destroy that value.
- We have enough lots and parks in the town
- For the areas that border the hwys you could allow any lot size that accommodates the use - no minimum acreage size needed. There should be an established map of a areas that still require the 5 acre min

Q4: What types of land uses do think are most appropriate to locate along the I-43, STH 33, and STH 57 corridors? (please check all that apply)

Answered: 270 Skipped: 23

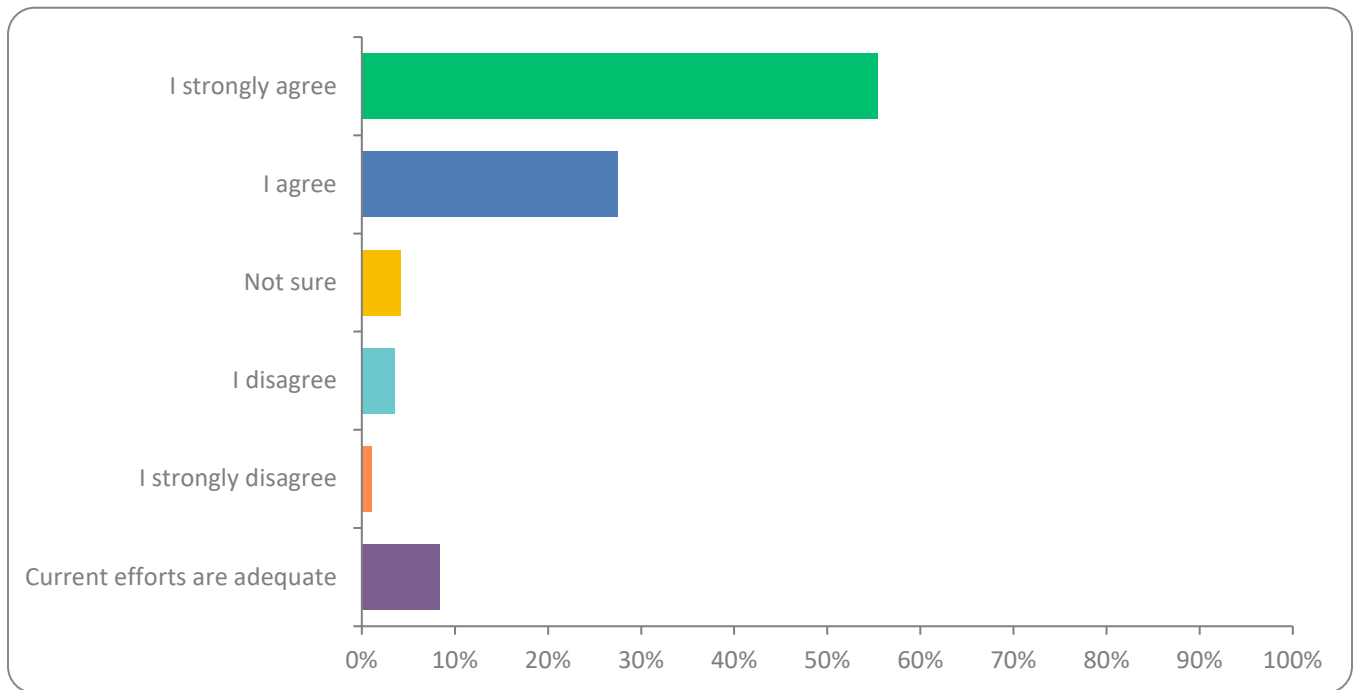

ANSWER CHOICES	RESPONSES	
Highway-oriented Commercial	36.30%	98
Local Business/Retail	57.41%	155
Professional Offices (medical, services, etc.)	40.74%	110
Light Industrial	34.44%	93
Residential – Single & Two Family	30.74%	83
Residential – Multi-Family/Townhomes	14.07%	38
Mixed Use (i.e., 1st floor retail/office and upper story residential)	22.59%	61
Recreational Uses	36.67%	99
New “Town Center”	15.19%	41
Other (please list):	7.78%	21
TOTAL		799

Other (please list):

- Like Menards
- Residential Single
- Keep Hwy 33 low density residential
- None, Village of Saukville has already gone too far.
- agricultural
- Leave it farmland - no more building!
- None (preserve environment)
- Community Garden
- No Comfort Inns. No New "Town Center"!
- single family residential
- Mining Gravel pits
- I don't think we need more development.
- STH 33 and 57 - residential & local business, I-43-Highway-oriented Commercial
- All of the above
- Let's avoid urban sprawl. The Village of Saukville should remain the city center and should be developed as such.
- Highway speeds must be maintained on these corridors as these are commuter routes.
- A very limited mix of the above
- Restaurants
- Farmland
- None

Q5: The Town of Saukville should increase efforts to protect sensitive natural resource areas such as wetlands, floodplains, woodlands, stream corridors, and critical wildlife habitat? (please check one)

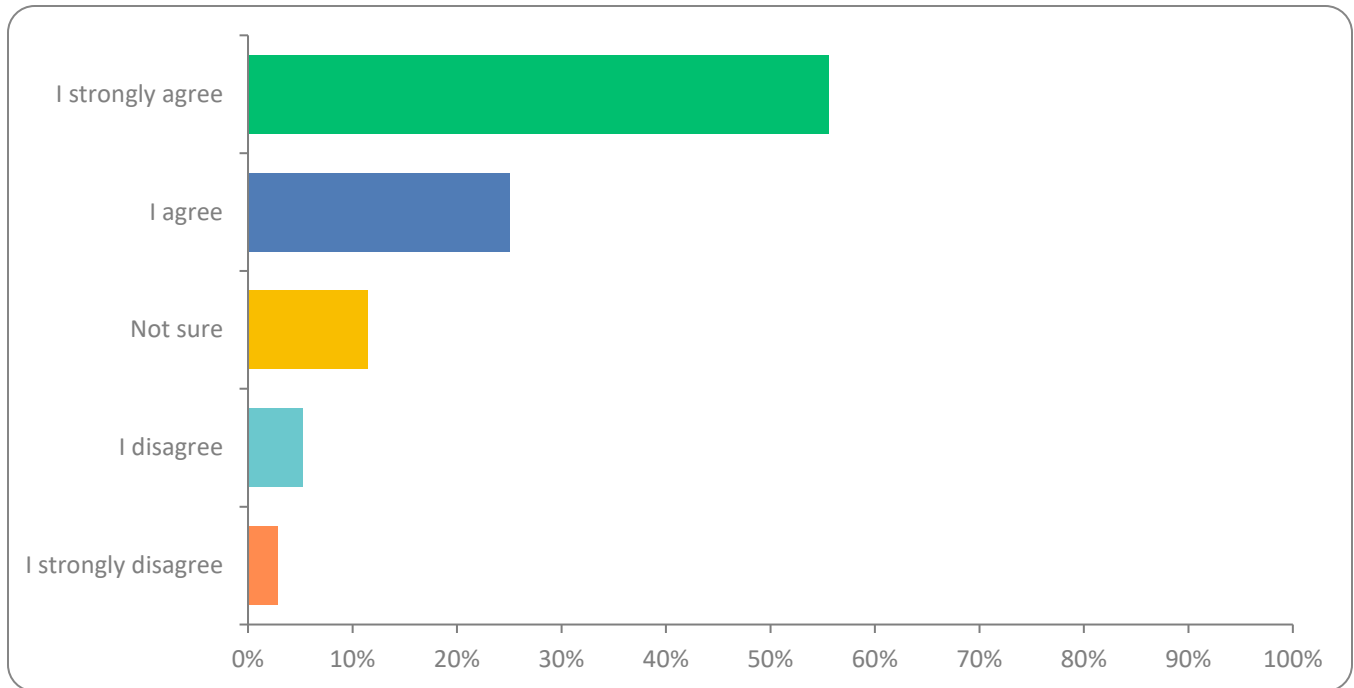

Answered: 287 Skipped: 6

ANSWER CHOICES	RESPONSES	
I strongly agree	55.40%	159
I agree	27.53%	79
Not sure	4.18%	12
I disagree	3.48%	10
I strongly disagree	1.05%	3
Current efforts are adequate	8.36%	24
TOTAL		287

Q6: Should the Town continue to be aggressive in protecting agricultural uses by limiting non-agricultural related development in certain areas? (please check one)

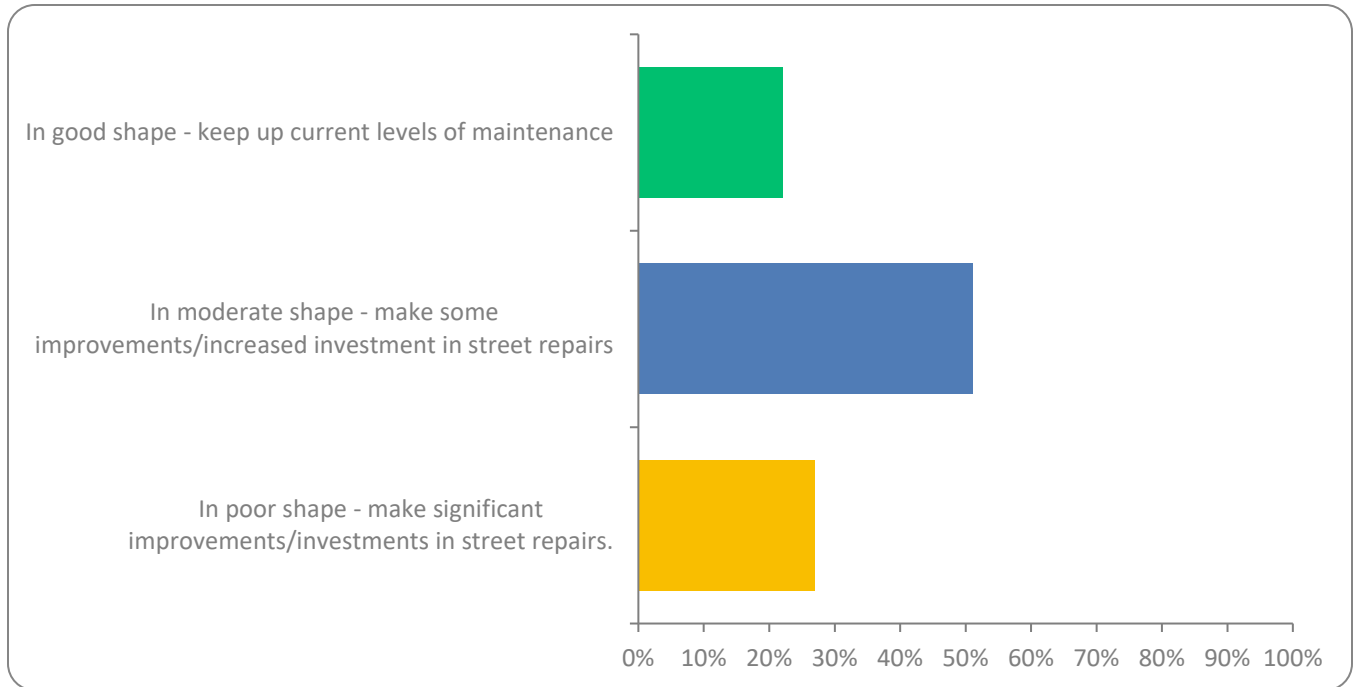

Answered: 288 Skipped: 5

ANSWER CHOICES	RESPONSES	
I strongly agree	55.56%	160
I agree	25.00%	72
Not sure	11.46%	33
I disagree	5.21%	15
I strongly disagree	2.78%	8
TOTAL		288

Q7: The Town of Saukville's local streets are (please check one)

Answered: 286 Skipped: 7

ANSWER CHOICES	RESPONSES	
In good shape - keep up current levels of maintenance	22.03%	63
In moderate shape - make some improvements/increased investment in street repairs	51.05%	146
In poor shape - make significant improvements/investments in street repairs.	26.92%	77
TOTAL		286

If poor, please provide specific locations if known:

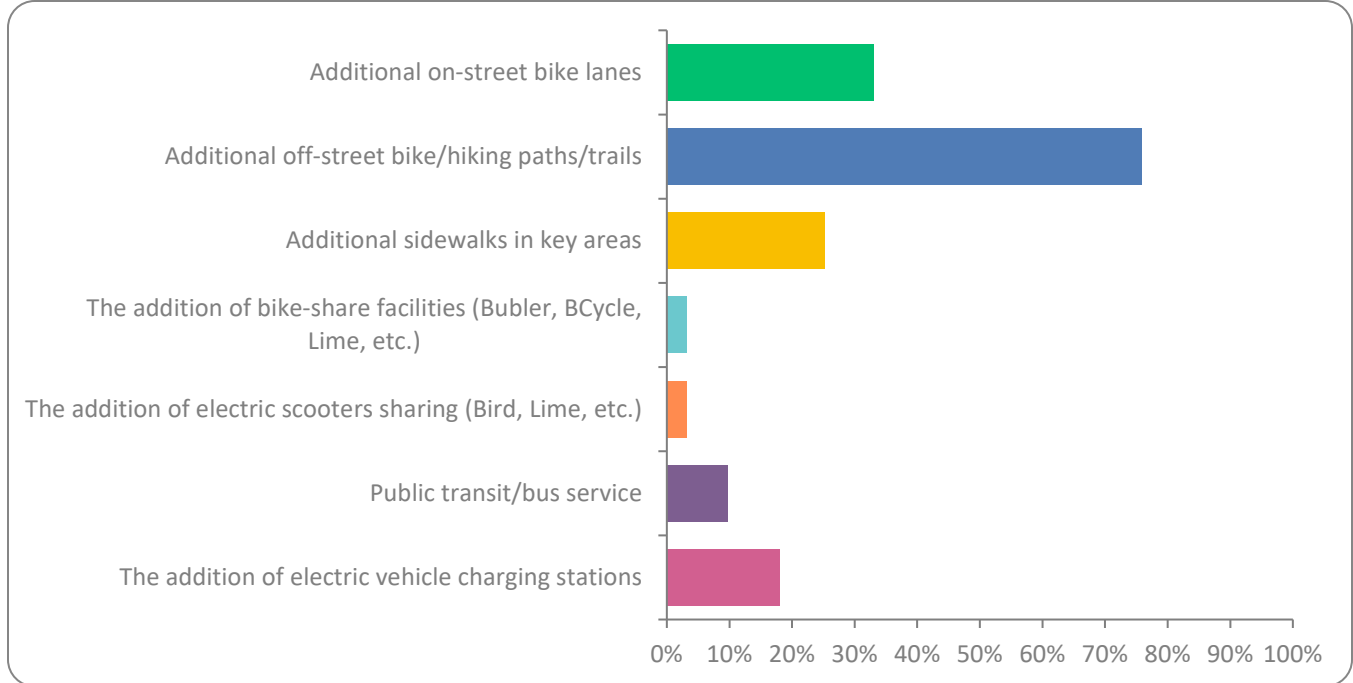

- Cedar Sauk Road between Hwy I and Y is terrible and dangerous
- Center St & Cold Springs Road are horrible, the other roads I drive seem fine.
- Center Rd./Cold Springs Rd.
- East Hawthorne west of Blueberry
- Hawthorne Dr., River Rd.
- Our gravel lane hasn't been graded for over a year. Who checks those lanes? And it has gullies since last spring.
- Cold Springs Road - Limit use!
- Center, River Rd, corners on several roads are breaking up

- Cold Springs Road
- Cold Springs Road
- Back roads
- Back roads
- Blueberry south of Hawthorne
- Mink Ranch Rd, other town roads
- Blue Goose is bad.
- Meadowlark Road, Cedar Sauk Road, Center Road
- Very bumpy on Birchwood Rd - improve Center Rd Cedar Sauk Rd. Nice to have lines painted on Rds - Very hard to see at dark or fog or snow!
- Birchwood South of 33 Bumps every 50' also had culvert bump 3/4 mile south of 33. also Center Road East of Lakeland. Repair like Pleasant Valley Rd. west of Hy 4.
- Cold Spring Road #1 - pot holes & heavy traffic
- Cold Spring Road
- Center Rd, CTY I & Lakeland
- Widen the roads better shoulders
- River Bend Rd!
- Cedarsauk Road
- Center Rd, CTY I
- Shady lane road, saint finbar road, Lakeland road
- Cold Springs Rd; Shady Lane Rd
- COLD SPRINGS RD - from Hw O West to Woodview Lane !!!
- Mink Ranch Rd
- All over, not much new blacktop get state grants
- Center rd west of Hwy i
- Cedar Sauk (between Y & I -- terrible!!!); Tamarack Trail - you keep allowing builders and all their equipment which has damaged our road
- Much of the damage on my area roads have been damaged by the tankers hauling manure so they should have to pay for they damage they have caused.
- Most roads are bumpy and are overdue repair due to lack of funds!
- Cold Springs road is in dire need of help. As well as Hillcrest, and if we are responsible for half of Cedar Sauk that one too.
- Willow road
- The Village road are in poor shape.
- Cedar Sauk Rd is like an off road race course, only rougher.
- Cold Springs
- Knollwood rd
- Center road
- Center rd, cold springs rd
- Cedar Sauk, Hillcrest
- Center Rd
- Cold Springs Road between Charter Steel and County Road I is horrible.
- Center road cold springs road
- Not sure who is responsible for Cedar Sauk Rd on the South line, but it is in very bad shape.
- Cedar-Sauk Road is in very poor shape. Not sure if it is maintained by Town of Saukville?
- River Park Rd, St. Finbars, Center Rd, Birchwood Rd

- Pave the gravel portion of St. Augustine Rd.
- Hawthorne Dr, Shady Lane, Center, Lakeland, Birchwood
- Deerfield drive
- Cold Springs Rd
- Cedar Sauk
- Hawthorne west of 57
- Cedar Sauk Rd. Off of Hwy Y
- Cedar Sauk rd sucks balls
- Shady Lane, Hawthorne Dr, Lakeland Road
- Cold spring road is in very bad shape and so are parts of hwy o and hwy i
- Northwoods, Minkranch, Center, Road

Q8: The Town of Saukville should support... (please check all that apply)

Answered: 194 Skipped: 99

ANSWER CHOICES	RESPONSES	
Additional on-street bike lanes	32.99%	64
Additional off-street bike/hiking paths/trails	75.77%	147
Additional sidewalks in key areas	25.26%	49
The addition of bike-share facilities (Bubler, BCycle, Lime, etc.)	3.09%	6
The addition of electric scooters sharing (Bird, Lime, etc.)	3.09%	6
Public transit/bus service	9.79%	19
The addition of electric vehicle charging stations	18.04%	35
TOTAL		326

Other (please list):

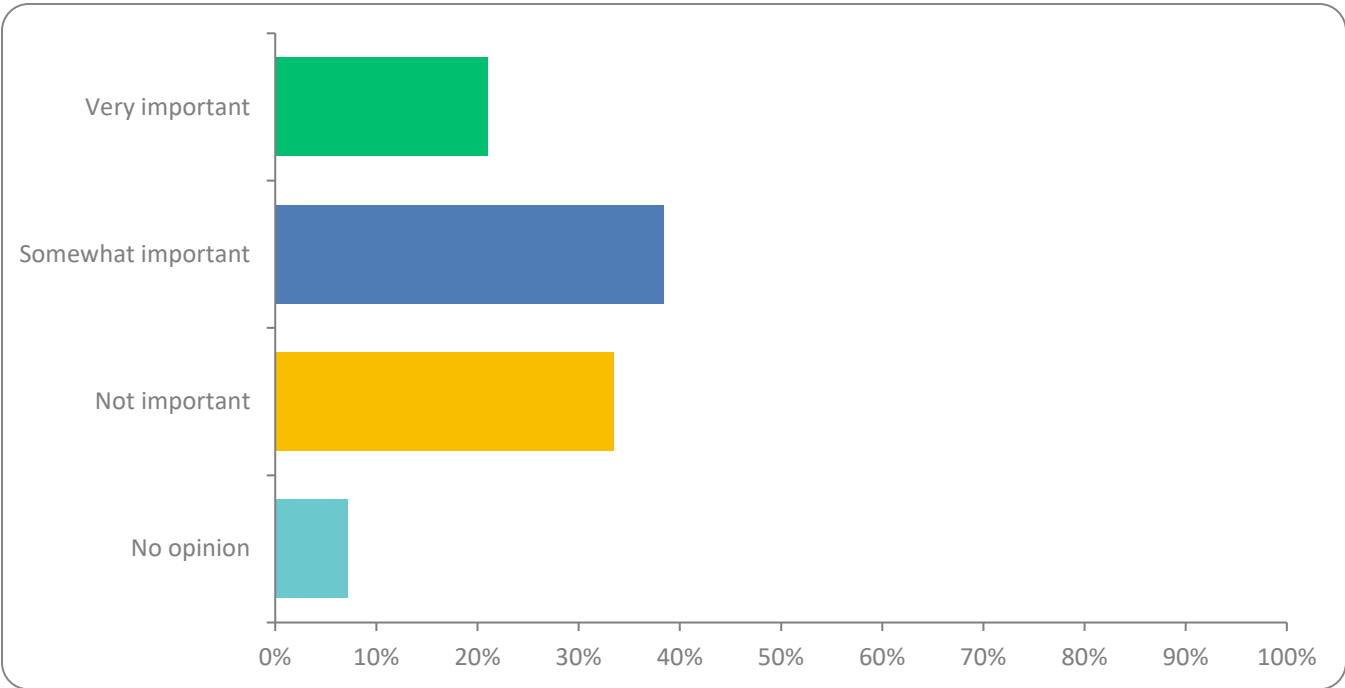

- I don't think the town needs any of these
- None
- None of the above
- Speed monitoring electronic signs

- ATV, UTV trails. None unless required for state funded projects
- None
- None
- Electric vehicle charging stations only if the community increases the purchase of electric vehicles. Most are gas/diesel
- None
- None
- None
- ATV Recreational
- ATV/UTV on roads
- None
- ATV
- 4 Wheeler ATV's
- ATV/UTV use on secondary roads
- ATV's on road
- None of the above
- None of the above
- None of above
- None of above
- Paint lines on the roads
- Allow 4 wheeler - UTV's & Golf Carts on Town Rds.
- None
- None of above
- Not busy enough for any of these
- Garbage Pickup
- Having bikes may cause accidents there are no lines on sides.
- None
- None
- None
- n/a
- NONE without user fees for those who benefit from these, not a taxpayer that isn't going to use it.
- All of the above!
- none of the above
- Where do we have sidewalks!
- ATV's
- Off road vehicles (atv, utv)
- None of the above, bikers don't use the bike lanes they already have
- Atv recreational vehicles
- ATV, UTV, On town roads like all neighboring towns
- Designate a bike lane on Hwy O between the Village and Hwy I.
- Only one or two public charging stations at this time.
- Lanes to safely accommodate slow moving farm traffic
- No more
- Use of solar lighting to illuminate busy intersections. Cameras at intersections to curtail reckless drivers.
- Recreational vehicles, snowmobile, ATV, utv

- None
- ATVs
- Recreational vehicle use
- Allow private property owners alternatives to recreational trespassers
- More restaraunts, Breweries, and Wineries
- Use of utvs on town roads. No need for bike lanes or sidewalks
- None of the above.
- None
- Bike lane investments are a waste of money in addition to public transportation. Hiking path investments can be justified and perhaps included with conversation work on wetlands, woodlands, etc.
- None, invest in internet infrastructure
- The roundabout is a great addition and the lights they added were very needed. I would like the speed limit for roads like cold spring changes to 35.
- Allow use of recreational vehicles

Q9: How important is it to you to see more work/job opportunities provided in the Saukville area? (please check one)

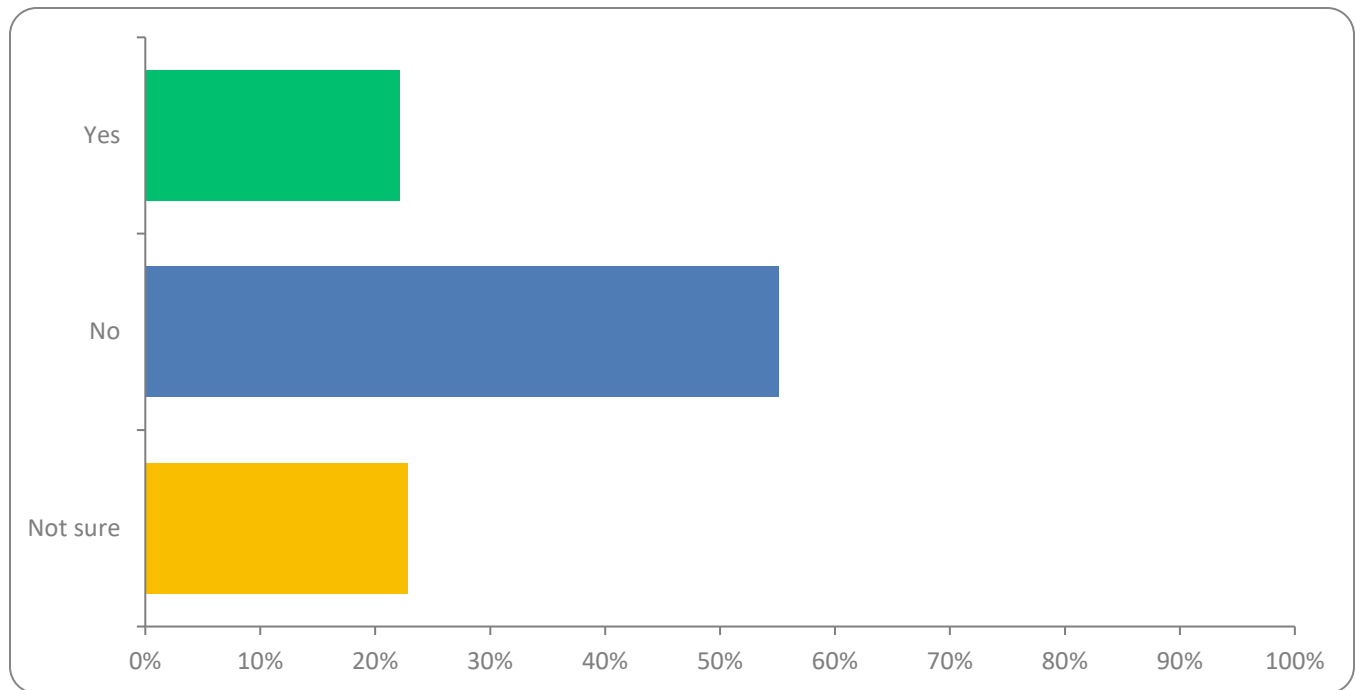

Answered: 281 Skipped: 12

ANSWER CHOICES	RESPONSES	
Very important	21.00%	59
Somewhat important	38.43%	108
Not important	33.45%	94
No opinion	7.12%	20
TOTAL		281

Q10: Do you think there is a need for more industry (manufacturing, distribution, warehousing, etc.) in the Town of Saukville? (please check one)

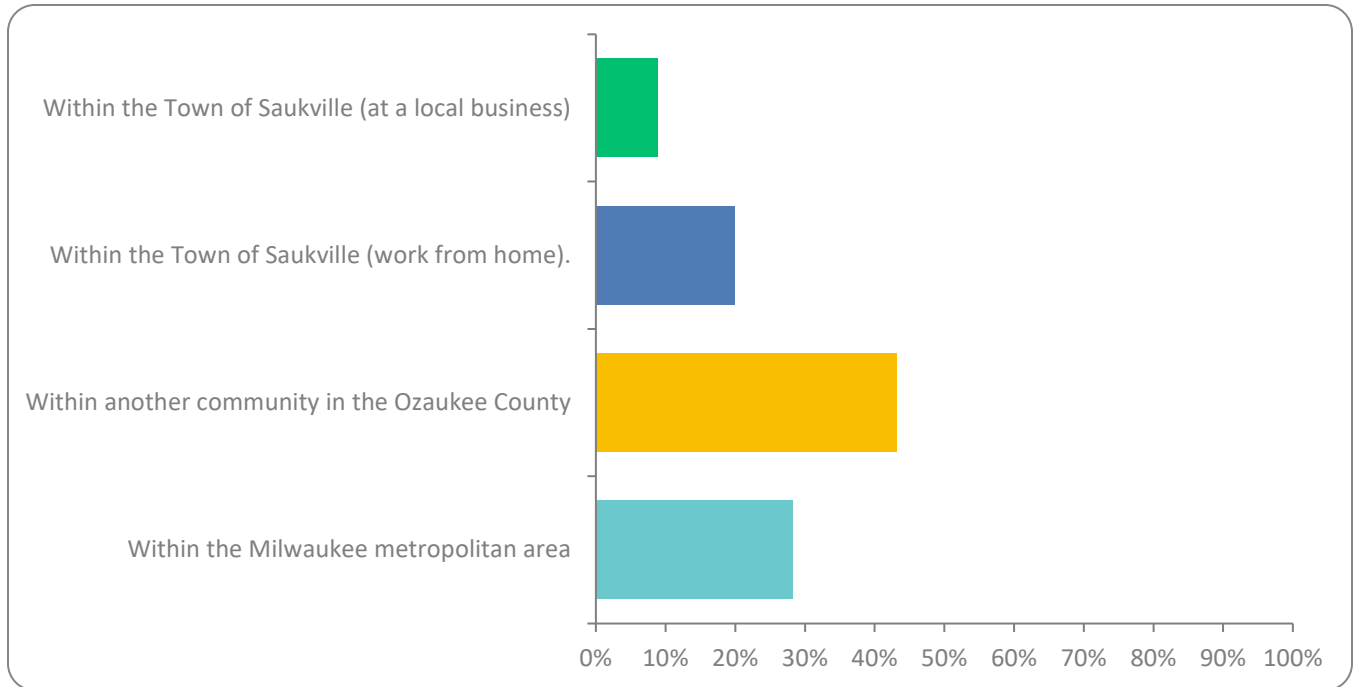

Answered: 285 Skipped: 8

ANSWER CHOICES	RESPONSES

Q12: Which types of shopping facilities should be attracted to / developed within the Town of Saukville over the next 10 years?

Answered: 246 Skipped: 47

	YES	NO	TOTAL	WEIGHTED AVERAGE
Food/Groceries	56.67% - 119	43.33% - 91	210	1
Banks	17.26% - 29	82.74% - 139	168	1
Auto Service/Dealer	18.07% - 30	81.93% - 136	166	1
Clothing / Shoes	37.78% - 68	62.22% - 112	180	1
Restaurants	80.63% - 179	19.37% - 43	222	1
Entertainment/Social Establishments	46.24% - 86	53.76% - 100	186	1
Medical Facilities	46.99% - 86	53.01% - 97	183	1
Pharmacies	28.65% - 49	71.35% - 122	171	1
Hardware Stores	52.06% - 101	47.94% - 93	194	1
Sporting Goods	30.11% - 53	69.89% - 123	176	1
Professional Services (offices)	37.66% - 29	62.34% - 48	77	1

Other (please list)

- Can't think of any in the town as there is plenty of these places not that far away
- Supplied by other communities
- to clarify - we have access to these types of things in Port Washington, Saukville, and Grafton. I'm satisfied with the access I have to these .
- Work with Village of Saukville on commercial ventures
- Better Internet Service.
- Everything is already close.
- Bookstore!
- None
- None - Many are already in Saukville - Walmart, Walgreens, Pig, Starbucks, Schmidt Ford, "y" - We are very fortunate.
- well covered at this time
- Not needed but shouldn't be denied
- No preferences
- None
- Online is available for most of these
- Small home based
- arts/pottery/studios/gallery
- None
- None
- None
- Auto parts store
- None
- Prefer no more development
- Anyone who wants to.
- Yes to all of the above, but again, avoid urban sprawl. That's why people move here.
- The township is too rural to support any of the above. Living in the country we know we have to drive elsewhere for these services. All of the above will fail.
- There is enough of these things in close proximity.
- Kwik Trip
- Kwik Trip
- No more shopping/ facilities they only attract problems. Keep all new stores in Grafton. They can deal with the rirraft.
- Restraunts should be heavily pursued... but only a couple. I would also say that any of the other shopping facilities would be okay, but should be located on east side (Hwy 57) (I 43)
- Any new business (besides mfg) would be great as long as it is small business. No hospital but a clinic or dr office would be great.

Q13: Do you use the recycling center in the Town of Saukville?

Answered: 284 Skipped: 9

ANSWER CHOICES	RESPONSES	
Yes	63.73%	181
No	22.54%	64
If you answered no, feel free to describe why:	13.73%	39
TOTAL		284

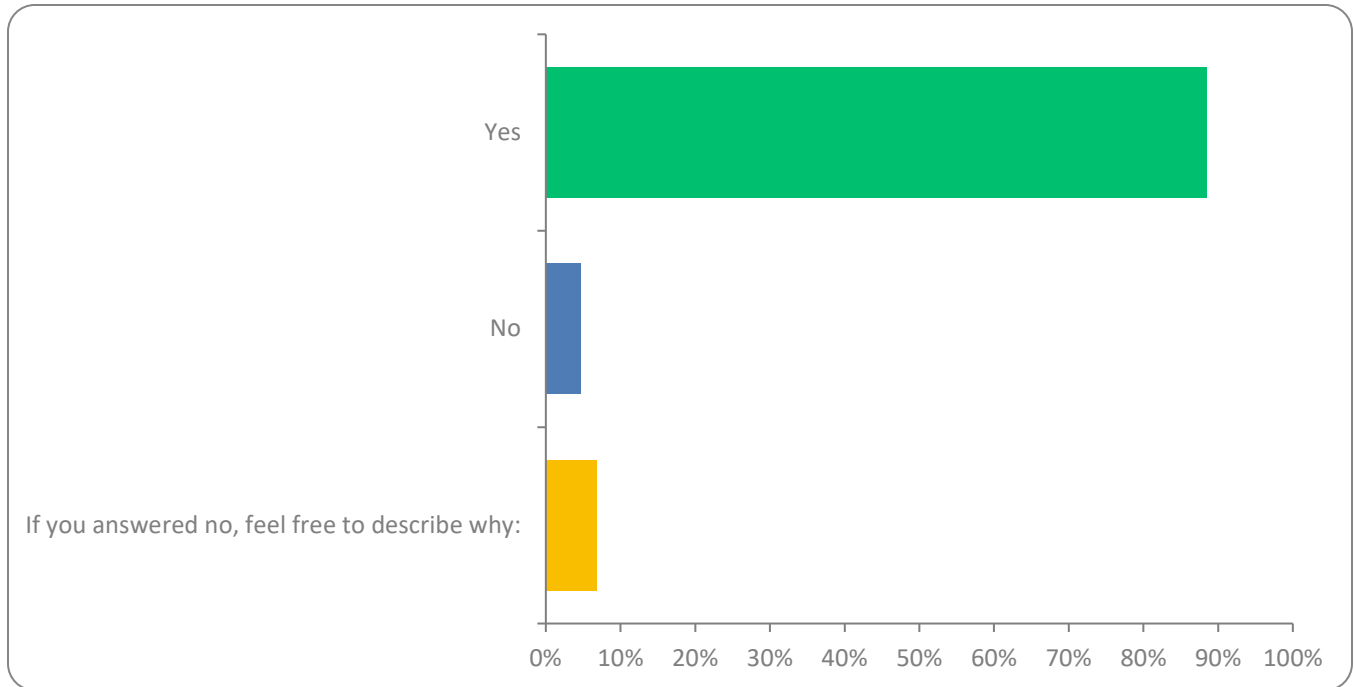

If you answered no, feel free to describe why:

- Inconvenient/residential pickup.
- Inconvenient, pay for residential pickup.
- It is pretty far from me
- Not much of a need.
- Husband takes
- Not familiar with it
- Son takes mine
- Currently have Waste Management
- We use Waste Management but are thinking about discontinuing.
- Hours
- Get it picked up
- Way too expensive. Belgium has one flat yearly fee that is Affordable.
- too far away from my home

- The hours are too limited for my use. Should be open 1 day during the week.
- I can't get there on Saturday's. Need to be open a weekday.
- Haven't gotten a chance yet
- Will look into though
- Didn't know about it
- Pay pick up
- didn't know about it
- Alternate recycling site use
- Pay for Waste Management pickup
- I pay for road side pick up
- Have our own private dumpster
- I did not know about it.
- The township should supply garbage pickup at the home
- Contract service
- I live closer to Fredonia and they allow me to use theirs
- We are closer to the Fredonia recycling center
- was just made aware of it and the costs.
- Use WM
- Have my own bins
- Pay for services at our home
- Recycling is included with my contracted trash pickup
- Was unaware of the facility
- Have a family member in the city so take my garbage/recycling there
- We pay for pick up
- Not convenient
- Curb side pickup with Waste Management

Q14: Are you satisfied with the number and quality of parks located in the Town of Saukville?

Answered: 278 Skipped: 15

ANSWER CHOICES	RESPONSES	
Yes	88.49%	246
No	4.68%	13
If you answered no, feel free to describe why:	6.83%	19
TOTAL		278

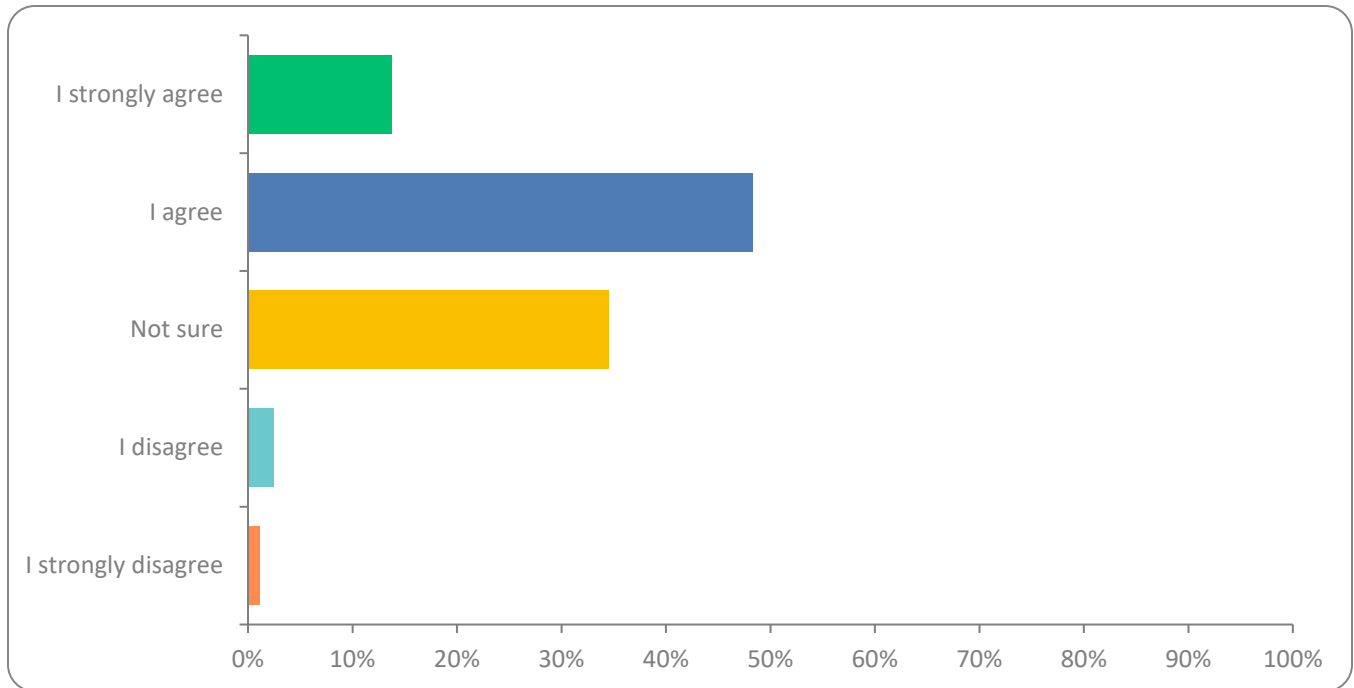

If you answered no, feel free to describe why:

- We could have more. Quality of the ones we have is great
- Would like a dog park and/or more trails
- Need more
- Need larger parks with natural areas
- need upkeep in Newburg
- Don't use the parks but find them necessary.
- maybe a larger one to build more community - like possibility playground
- Need more parks
- Too many
- Add Payne & Dolan property pond should be for public
- I like more parks - keep open space
- We have too many off of the tax roll
- To many

- Need more larger parks
- More parks!! And increase security at parks. Ozaukee County parks should have locked gates after dark to deter unwanted behavior like gatherings where people are drinking and littering
- There is little to no knowledge for residence promoting the parks.
- Too many parks
- Wish there were more
- We would like a dog park

Q15: Do you think the Town of Saukville works well with its neighboring communities (i.e., transportation, emergency response, municipal service, growth/development, etc.) (please check one)?

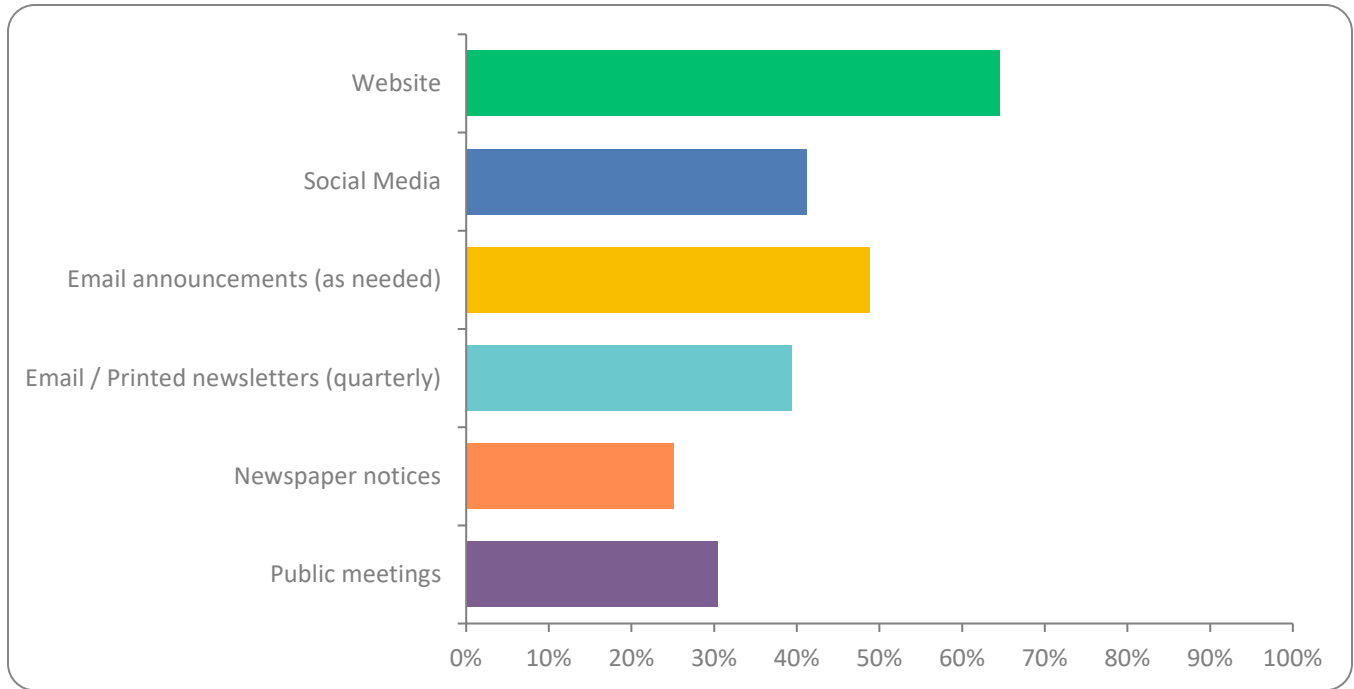

Answered: 284 Skipped: 9

ANSWER CHOICES	RESPONSES	
I strongly agree	13.73%	39
I agree	48.24%	137
Not sure	34.51%	98
I disagree	2.46%	7

Q16: What is the best way for the Town to keep residents informed? (please check all that apply)

Answered: 279 Skipped: 14

ANSWER CHOICES	RESPONSES	
Website	64.52%	180
Social Media	41.22%	115
Email announcements (as needed)	48.75%	136
Email / Printed newsletters (quarterly)	39.43%	110
Newspaper notices	25.09%	70
Public meetings	30.47%	85
TOTAL		696

Other (please list)

- Handouts/communications given out at the town recycling center
- Printed newsletters
- Printed Newsletters
- Printed newsletters
- Posted in grocery store/library
- Bulletin Board
- Printed newsletters
- printed news letters, quarterly
- Resident mailers/fliers, printed newsletters (quarterly)

- Keep doing what we're doing
- Update the websiteRural, friendly community
- Website needs work. Many links are broken and can't find information easily.
- Ozaukee Press is excellent for older folks.
- Better website

Q17: In your opinion, what are the greatest strengths of the Town of Saukville?

Answered: 173 Skipped: 120

Responses

- Quiet and not too many homes.
- Where I live it's peaceful
- Can't think of any.
- Small town feel yet close to interstate and shopping.
- Rural, semi-rural, large areas of wetland/forested areas/parks/ Milwaukee River, Private Single Family Home Ownership, 5 acre ownership minimum to prevent dense development.
- Its maintenance of a rural image; 5 acre minimum land parcels; tight zoning (I DON'T like to see a commercial & residential mix); the beauty of our natural surroundings.
- Rural living. Riveredge Proximity to Lake Michigan.
- Ruralness yet proximity to Milwaukee metro area. Close to Lake Michigan, Riveredge Nature Center, Hawthorne Hills County Park.
- Safe, quiet place to live, work and play.
- Not overcrowded, no strip malls, no large housing complexes. It's quiet and beautiful and it would be nice to stay that way. It's why we moved here.
- The natural beauty - parks and natural areas
- It's a place to get away from commercialism/city activity. Peaceful. Country atmosphere. Wildlife.
- Communication.
- Open space
- Quiet
- Small town feel
- Great land - minimal development
- Friendly People
- It's small country atmosphere. Wide open spaces. Not commercialized. No big building projects like Saukville or Port.
- It is rural with easy access to other areas such as Port Washington and West Bend
- Agricultural, rural atmosphere
- The rural/farming feeling
- Keeping my property taxes down
- The fact it is rural. Plenty of neighboring communities provide support services.
- Kevin Kimmes and the rest of the town officials. We so appreciate the thoughtful hours they put in for our behalf, as well as the staff members. Thank you.
- The rural aspects and preservation of natural environment.
- Low taxes
- Close to city shopping, services, opportunities
- Natural Areas
- Sense of community. Undeveloped land.
- Open areas, natural trees, friendly people
- Quiet Area - Limited traffic.
- Its rural setting and large acreage
- small town good community relationships
- Rural getaway close to conveniences.
- Farmland. Nature.

- Currently the distance from business/industry. Mostly residential.
- farms - small town feeling
- space & Air
- Semi rural moderate & plan growth. Neighborhood environment.
- I enjoy having open space around me. That is why I moved to this location. Want minimal development.
- Quiet. Peaceful. Low crime rate
- Small farming community
- Has a Kwik Trip. Bands in Summer/Weekend Farmers Market. Is the YMCA considered Saukville? Movie Theatre
- The sense of community and the way in which people help each other out
- I have not lived here long enough to see any strengths
- Rural Atmosphere
- It's rural appeal/letting voices be heard at planning commission meetings. Putting the health and safety of residents above special interests...
- Quiet/less people. Larger lots.
- Rural community
- Has a greenhouse business
- Strength of community
- Rural character, lots of open space
- large yards.
- Small size. Lot sizes. How country oriented it is.
- Simplicity
- Rural, Ag, Wildlife, Nature Access
- Moved from the City of Milwaukee and I love this area the way it is. I don't mind driving to get places.
- Small government and rural environment
- Rural country atmosphere, friendly people
- 5 acre, think its important to keep it rural country feel and look thats why we are out here
- The town officers are trying to do the best they can on trying to pressure farm land and wetlands but some things need to be done better to help preserve the nature of our town.
- Need to keep nose out of private home owners development on their own property. Stop changing Zoning Willy Nilly.
- small population. large lots/privacy.
- Open country land
- Rural but has access to needed amenities
- good location - close to stores & highways
- Location
- natural areas - more parks, less development
- Its people, semi-rural nature, natural areas, forests
- Rural atmosphere
- Country feel - lots of open land & trees
- Being rural.
- Rural flavor. Reasonably sized homes. Relax living.
- Me
- Community, Natural beauty
- It's open farm and natural areas.
- Small Town Living

- The strong farming history and the amount of families that generationally have stayed in this area to make this community strong!!!
- The people and rural environment in close proximity to larger communities
- Beautiful areas parks, public areas, Riveredge. Rural neighborhoods & community; County parks & rec. areas.
- It's beautiful country side. Let's keep it that way.
- Its rural character. I moved back here after 20+ yer absence because of the rural character. I dont want to see that change with pressure for development.
- Very friendly and organized
- Our rural atmosphere
- Small town atmosphere, rural ambiance, low crime, adequate facilities
- "Nice parks
- Limited growth"
- Low population density, scenic views, freedom from noise and congestion
- Keeping the town rural. We really don't want to see it becoming into a Mequon, or even Grafton with respect to all of the commercial growth.
- The snow plow comes thru sometimes
- Small town living
- Location. Close enough to bigger cities that people can commute, but far enough away to let people get away.
- Rural community with fairly easy access to city amenities
- Small-town/Country Living - while being close enough to the large city of Milwaukee for Big city Entertainment/Shopping,etc !!!!
- rural living local parks
- trying to keep it a small town community
- Agriculture
- The people and the town hall
- Rural
- Rural
- Close to Milwaukee and easy shopping. Taxes are getting out of control. Start taxing farmers their fair share on the land. OR start taxing residents with 5 acres or more at the same farm rate.
- It offers a quiet simple country lifestyle. I also like that I only have to drive a couple of miles to get to the store. And a top notch Fire Department as well.
- Small Town feel
- Some strengths are, the train, we have well rounded restaurant selections, shopping centers, grocery store, and a huge business park, wonderful variety of parks and medical facility. Saukville is the greatest strength.
- 5 acre lots,
- Small, tight knit community.
- Smallish town. Great youth baseball program. Good baseball fields.
- Away from Milwaukee
- Great living
- Rural, open spaces, friendly
- Small town personal feel
- Rural
- Natural resources!

- Keeping the sense of privacy that town residents enjoy
- Keeping the rural countryside and farmlands
- Strong community great neighbors
- Short distance to everything.
- Rural small town community
- Land
- Quiet and low crime
- The employees
- Low crime
- Agricultural areas/Natural Resources
- The uncluttered countryside and the parks that exist within. Of course, river activities like canoeing and kayaking.
- Preserving wildlife land.
- Our open spaces...please don't allow any additional subdivisions. Once our farmland is gone there is no more food!
- The rural atmosphere and the environmental gems: Riveredge Nature Center, Cedarburg Bog, Beech wods, etc
- Strong farming community
- Rural, parks
- Outdoor space, natural beauties.
- Small town feel and community
- Rural community with a good quality of living. We choose to live in the country. The town should not be developed into a "city" or "village." It is very, very important that car charging stations be developed in the town.
- I like the small town feel. I don't like seeing farm fields being developed for subdivisions. Keep the fields as is for wildlife.
- Mix of Ag, rural and city centers. Let the cities expand and assist those existing businesses in the town to expand.
- Industrial
- It's quiet and rural.
- It's quiet and rural.
- Good attitude towards attracting businesses
- Rural character, natural beauty, access to recreational activities
- The protected natural areas make it one of the best places in the state to live.
- Rural Character
- Rural large parcel homes and development. Safety. Proximity to required shopping areas and jobs that are needed while preserving the open space required for a rural atmosphere
- Small rural environment
- Voting
- Family heritage
- They listen well. But if they act in their own benefit and not for the people they won't have a strength sadly. Parks won't bring more people to spend money here.
- keeping development at a minimum
- Parks
- Peaceful
- Country living

- to be brutally honest simply the parks and the land that includes all kind of nature
- Town of Saukville is still rural and has good agriculture as well as public land. That being said there should be no more land going to non-profit groups or parks. There should be a 250 foot road access requirement per house on town roads. Shared driveways for a maximum of two homes per driveway. Keep agriculture land as much as you can
- Quick emergency response
- Rural area, secluded, balance of farming, and natural & protected land use. Keeping residential properties at 5 acre minimums ensure the quality of life we selected when we bought our property.
- Rural community, low density, live and let live
- very friendly, helpful and knowledgeable office staff (ie clerk and treasurer)
- Family oriented, conservative leadership/board, low taxes, rural feel, open space, small town feel, no traffic, low taxes
- Rural feeling
- Rural community
- "Voting ease.
- I HOPE listening to their residents when it comes to deal with Charter Steels solar fields!!"
- Community
- Rural
- Rural and agricultural commitment / emphasis
- It's rural nature. Parks, River,
- Rural setting. Open country and privacy. Freedom of private land use.
- The town hall is nice, workers are friendly.
- Very peaceful and close to nature..
- Listening
- Being a rural community
- Small town feel
- It's an oasis of rural properties conveniently located close to suburban areas with great shopping and businesses.
- Agricultural and residential uses
- The amount of reserved open space for capita.

Q18: In your opinion, what aspects of the Town of Saukville need improvement?

Answered: 161 Skipped: 132

Responses

- Roads
- Maybe road could be plowed more often in winter.
- To listen to the residents. There are roads that have been in terrible shape for years so it'd be nice to get them repaved.
- Improve town roads
- Road maintenance, winter plowing
- Roads --- espec. in winter/early spring: HWY I & CTY 33 are frequently dangerously snow/ice covered
- Broadband. Fewer factory farms.
- Access to BROADBAND!!! Our property values are so much lower because we do not have access to broadband - plus we are at educational disadvantage because of this lacking resource.
- None.
- Hi-speed internet options for all residents (we don't have one at our house on Hwy I)
- snow removal on side roads could be much better. ordinances against and enforcement of junk (large machinery, vehicles, etc) sitting in yards for prolonged periods. This takes away from the beauty of the town. Compare T of Saukville to Belgium for instance. Belgium is much neater.
- This community perfect. Beware of tampering - once something is lost, you'll never get it back.
- Town roads should have weight limits posted.
- Internet services. Cell phone services. Better land line.
- Stop developing and removing small town charm
- Roads
- Road Repairs
- Roads
- Roads, municipal services, maintain rural atmosphere
- more affordable housing, more rental units, bring back Section 8 options for needy people.
- Communication
- As population grows we will need to grow civic services. (i.e. police, fire, recycling etc.
- More parks
- Easier land division of large lot to smaller lots, not as many farms anymore. Time to allow more houses for larger tax base. Update zoning - if its not agricultural it shouldn't be zoned agricultural. etc.
- Need High Speed Internet
- Keep an eye out for road repair
- Help with yard waste
- Greater public access to parks and natural areas.
- Light pollution control. Not much social hangouts.
- Roads. Plwo service on Woodview Ln.
- Roads.
- Town road grading
- need to keep farm land
- more shopping area - social places
- Air Quality (!) mostly from farms
- Roads
- Roads, snow removal

- Provide a sports complex to foster sporting events for the district/area (Baseball fields) or Indoor facility upgraded buildings/businesses to bring more to the community - there's a lot of small randomness.
- The places where children can play and grow. The ability to take them to parks.
- Persons who work for the Town of Saukville should live in the Town of Saukville
- Roads
- Hours of operation
- Side roads
- Some road maintenance
- Fix roads. Sick of land going off the tax rolls
- communication
- Some of the lesser traveled roads are not in great shape
- None
- none
- Not much
- Better hours at town hall and recycling
- Better grocery store/organic.
- Roads and Infrastructure
- ATV/UTV Access on Roads. Road Quality.
- Not many. If anything opportunity for more local restaurants or shops. Local not commercial. Better internet options.
- Town center
- need to let people use their land the way they want to!! too many good people leaving because of too many rules!
- Pressuring farm land is the future of our sources of food when all the farm land is gone where will our food source come from?
- Make Charter Steel decrease their light pollution
- town roads
- Roads - lines, bumps
- roads. pond should be for public access from Hall
- bad roads
- Can't think of any.
- Some roads need help
- quality shopping - not bargain stores. Grocery - Sendiks. Clothing - Not just Kohl's. Shoes.
- Staying rural. Communication.
- Snow plowing.
- Clean up the trees hanging over the roadways and not with the tractor attachment it looks terrible, don't cut the grass in the ditches after September
- Roads
- More wildlife areas
- Some of the roads. Overgrown trees along roads.
- Nothing Major - Would appreciate garbage pickup
- Stop allowing low income housing in our county to outside (city) turds.
- Roads; compliance with Town ordinances
- I love where I live!
- Better WIFI & cable access

- Roads
 - I wouldn't mind if the Recycling Center had a few hours or so of an afternoon on a weekday for garbage and recycling. Not a huge deal however.
 - City center, restaurants
 - We need a new town square and better upscale restaurants. Do Not need drive thru or fast food restaurants.
 - Some more development should be encouraged, especially along state & county roads. A few higher taxed properties (more manufacturing, commercial & residential; less farmland) would help the towns budget. We don't need to develop everything by any means, but we shouldn't discourage smart coordinated growth in specific areas of the town, especially near existing manufacturing/commercial properties.
 - Communication, information provided when moving to the Town
 - Keeping the Roads Repaired !!!
 - repair many of the roads
 - would be nice if we had branch pickup at houses so there was no need for burning.
 - Roads
 - Limit lot size to 35 acres in agricultural land
 - Roads
 - Fix roads on a regular basis
 - Roads!! Especially Cedar Sauk & Tamarack Trail as described above. I realize that Cedar Sauk is shared with Town of Cedarburg, but these communities and the County HAVE TO figure something out!!
 - Roads are in need of serious repair. One example - River Park Rd.
 - "Better maintenance of the roads and the trees that line them.
-
- Cold Springs, Hillcrest and Cedar Sauk roads all need a lot of love. Unfortunately I have become very adept at dodging potholes.
-
- We had branches that extended out into the road that the school bus had to drive on the other side of the road on an S curve. Not very safe. I called about this and it took almost over a year before this was corrected. Also, at the corner of Woodview Lane and Cold Springs is another place where tree growth is a factor in seeing traffic before pulling out. Also the intersection of Cold Springs and Progress, looking for oncoming traffic to the right is fun as well, you just take your chances."
 - Some improvements can be done for safer and wider back roads, keeping the community small and respectful.
 - Infrastructure maintenance is key to longevity.
 - Keep low income housing and renting in check. People who own care more than renters. In my life I watched west allis and hales corners fall apart due to condos that don't sell and become apartments. I moved here to get away from that.
 - a little more development to increase tax base and improve roads. Allow commercial dog kennels on residential lots based on location.
 - Need a Menard's
 - Communication and hours of operation of town hall
 - Bike friendlier
 - Roads
 - Need internet and roads need to be fixed
 - Continued natural area protection or environmental planning

- Increase protection of natural resources. Increase support to farmers to increase conservation practices to reduce erosion, increase water quality, increase natural area buffers for wildlife
- Some roads, better internet service, when it does snow more reliable snow plowing service
- A traffic circle at W and 33 is needed
- Town road maintenance.
- They way the board handles issues
- Roads and ATV UTV access
- Na
- Internet and roads
- The roads could be taken care of a little better. Also the snow plowing in the winter could be better.
- Probably 911 response regarding an ambulance. It's quicker (not easier) to try to load someone with a heart attack into your car and drive them, than wait 30 or 40 minutes for someone you hope will show up. This has occurred 3 out of 3 times.
- Community events and redevelopment of the website to make information easily accessible.
- Communication/website. The website doesn't seem to be updated very frequently/timely. Please post updated agendas, meeting me muted and notifications.
- Increased efforts to preserve and enhance sensitive natural areas and encourage land/homeowners to do the same.
- More industry
- Beautification along main roads
- High speed wired internet. Fiber internet
- "Help with high-speed Internet.
- Fiber optic lines?
- Politics. Too divisive. Why can't you people work together for the good of all of us and is what is best for the town and not what is best for you personally and your personal opinions?
- This is in line with my last answer. I have read articles about establishing prairies. When Wisconsin became a state there were many prairies, now we have about 1%. I would like to see something that preserves wildlife.
- Communicate on social media more. The town is well run. Don't turn roads back to gravel, while I enjoy the well run town and subsequent low taxes, paved roads are needed. Invest in the roads that spending will be supported by your citizens.
- Better communication with the town board. Iv emailed the clerk and never got a response
- The recycling center hours are too limited. I think it would be a good idea to open it up for a few hours on a weekday in addition to being open Saturday morning.
- It would be nice to have the dump/recycling center open for a couple hours on a weekday in addition to Saturdays.
- Better high speed internet options
- Less commercial activities visible from roadways.
- "The website need to be more user friendly
- Use the county for maintenance.
- Use social media more"
- We do not have high speed internet yet
- Road maintenance and working with county highway department again.
- Roads
- Communication of current major Town issues. I did not even know there was a solar development being considered

- Internet choices
- Garbage & internet
- Better communication. Example the changing of the status of newburg fire department recently, appears to the uninformed the Villages near the township pushed this agenda and had no communication with the taxpayers and newburg did not communicate either. I understand the staffing issues but location on west side of township has been well served by Newburg for generations including personal experiences of fire and ems
- Roads, and more restaraunts/bars.
- "getting rid of the quarry and transfeerring it to hiking trails
- control illegal hunting in the quarry"
- Roads
- Bit of road work
- Encourage local residents to beautify and maintain public property adjacent to personal propery
- while we watch Grafton and Port Washington go from cities that looked just like ours to thriving cities mixing both old heritage with new buildings we just stay stagnant with almost no good places to eat or socialize or shop. I go to grafton, cedarburg or port for food, coffee, hardware, nursery stuff, gym. I have zero things that i use saukville for except walmart.
- Just what you are doing. Shorten Land Use Plan so there are not conflicting answers in land use
- The condition of the side roads
- Maintain current ordinances.
- roads
- Hold industry to already established industrial park, road maintenance, disappearing small farms,
- Fire/ rescue services
- Road maintenance, add businesses for tax base.
- Better website for sure!
- Roads and infrastructure
- Traffic & weight limit control on its town roads.
- "Communication w/residents
- Policies that restrict development any place west of County Road I.
- Always room for improved roads (I know that's a tough bid)"
- More parks and Rex areas
- Need internet access.
- We need fiber optic internet service!!!!
- We live close to Charter and it gets very noisy at times - especially in the morning. Make sure Charter always does what it can to reduce the noise.
- Kevin's doing a phenomenal job and is a great listener.
- invest in internet service infrastructure
- Garbage collection, road Maintenance
- Roads. We need a whole new funding approach.

Q19: Do you have any additional comments or ideas you would like to share with the Town?

Answered: 87 Skipped: 206

Responses

- Please address Cedar Sauk Road between Hwy I and Y. Someone on a bike is gonna get hurt. Terrible shape.
- Some of the trees near roads could be taken down especially dead trees and hang overs.
- I moved out here for the simpler & country atmosphere. So, I would like to see things stay the way they are. If I wanted or needed to be by lots of shopping & city life I would have stayed in the City. No SOLAR farms!! Or wind turbines. If someone wants solar on their roof, I'm OK with that.
- As a town you can stand up to Charter Steel. They should not be able to do whatever they want to.
- Thank you for reaching out to the town residents for their opinions.
- Encouragement of use of agricultural land to grow food directly for people, not solely for livestock production. Thank you for the opportunity to give my opinion!
- I would like to see the town remain rural/agricultural for as long as possible. Resist urban sprawl.
- I really don't want to see the town turn into a subdivision hub. Investors and money will eventually buy their way in but we moved here for the space and quiet and I don't want to turn it into a crowded suburb just so a few companies can make a profit. I love it here.
- The town of Saukville could easily enlarge its tax base if it would allow more single family residences and subdivisions. These could be built tastefully and within parameters that would be beneficial to everyone. Lets not resist change if the change could do us all good.
- Please keep what we have.
- Try to clean up poorly maintained properties
- I would like to see the town carefully monitor the growth and development. We have an opportunity to slow high density land development, keep 5 acre minimums, increase public green space, like Tendick park and the Pleasant Valley park for our families and children.
- Our Town board officials.
- I do not want to see a loss of agland to development or compromised water quality
- No big buildings
- Allow ATV on Roads
- Business and industry in industrial parks only.
- make parks part of new development. Need more park additions and trails
- Traffic moves too fast on Hawthorne dr between I and Riverdedge nature center. some blow through the stop sign. Please entertain lowering the speed limit!! Thank you.
- Too much housing development on Hwy 33.
- Allow ATV's and golf carts on town roads
- Don't force people to place their land into restrive rules if they don't want to. Protect what can be protected. Fields are great and wildlife needs their habitat as well. Some building is okay to increase the communiy.
- People should be able to build multiple small sheds on their property when 5 acres or more
- No workers for what's avialable now (question 9)
- No restrictions on privately owned land. We are used to the commute and enjoy the quiet areas.
- Protect natural resources
- I am unaware of how intergovernmental relationships work
- no
- Allow ATV trails on town Road such as other townships

- Keep and expand the parks.
- Progress is not always better these are things that should be reviewed with a more open mind.
- No
- Good idea to have this questionair.
- To improve or report trash left on teh roadsides. Cold Spring Road is really bad. Plastic bottles, alcohol bottles, mattresses, etc...
- Charter Rolling is big enough, a lot of trash gets dumped on Cold Spring Rd between Hwy I and Charter Rolling
- Keep up the good work!
- The past town boards were always against any business's. Tesker Man - Nates - Payne & Dolan. I Payne & Dolan would have put the quarry in the money the town would have made say \$5.00 per truch \$5.00 x 20 trucks x 250 days = \$25,000.00 plus town road maintainence. P & D was the best neighbors we ever had just ask any of our neighbors.
- Stop bringing in shops that cater to no one or low income. RV lot? Really? Walmart - junky. Could be nicer, but still. We (Saukville) have no ddraw to bring in quality stores for shoppers. Saukville is not attracting higher wage earners to the area like Grafton & Mequon.
- Remember people own their properties, not the town
- Nope
- Would be wonderful to have access to Charter/Spectrum cable/Wi-Fi service (Direct TV leaves much to be desired)
- Round about @ I & 33 is Great!. Prefer to keep rural nature of the community.
- Do not give in to pressure for new development!
- Power lines on HWY O and trees look very dangerous. Some trees are resting on power line poles. Just south of Deefield Rd on west side of Hwy O, up on hillside.
- Recycling Pick-up
- The Town of Saukville is a welcome respite from the encroaching development of nearby communities. I would like to preserve our rural way of life.
- Just keep it rural.
- It's time to start growing and fix the roads.
- No solar or windmill farms
- In the over 50 Years of living in Town of Saukville - we have Very Much Appreciated/Enjoyed the Parks, Schools, Activities & Friendly People living here !!!!
- Keep it a small town community. There is enough building going on all around us.
- In regards to recycling, perhaps we could offer quarterly, means of recycling electronics or household waste products at the recycling center. Charge or not. Think about the average person working and not able to take these items in to these other facilities. And the logic of driving one lightbulb into Port which can be for some, over 5 miles away is just crazy.
- The Town does not have the ability to accept voice messages. This looks painfully ignorant to it's residents.
- I understand living near farms means we smell the dairy air. However, the spreading of manure needs to tighten the restrictions. Often times it is all over the road and spread so thick the smell lingers that you can't have your windows open or sit outside. It needs to be turned over into the fields right after it's is spread. Growth of family housing might be hindered as well as tax base.
- no
- So glad you're doing this survey
- Try to be more sustainable

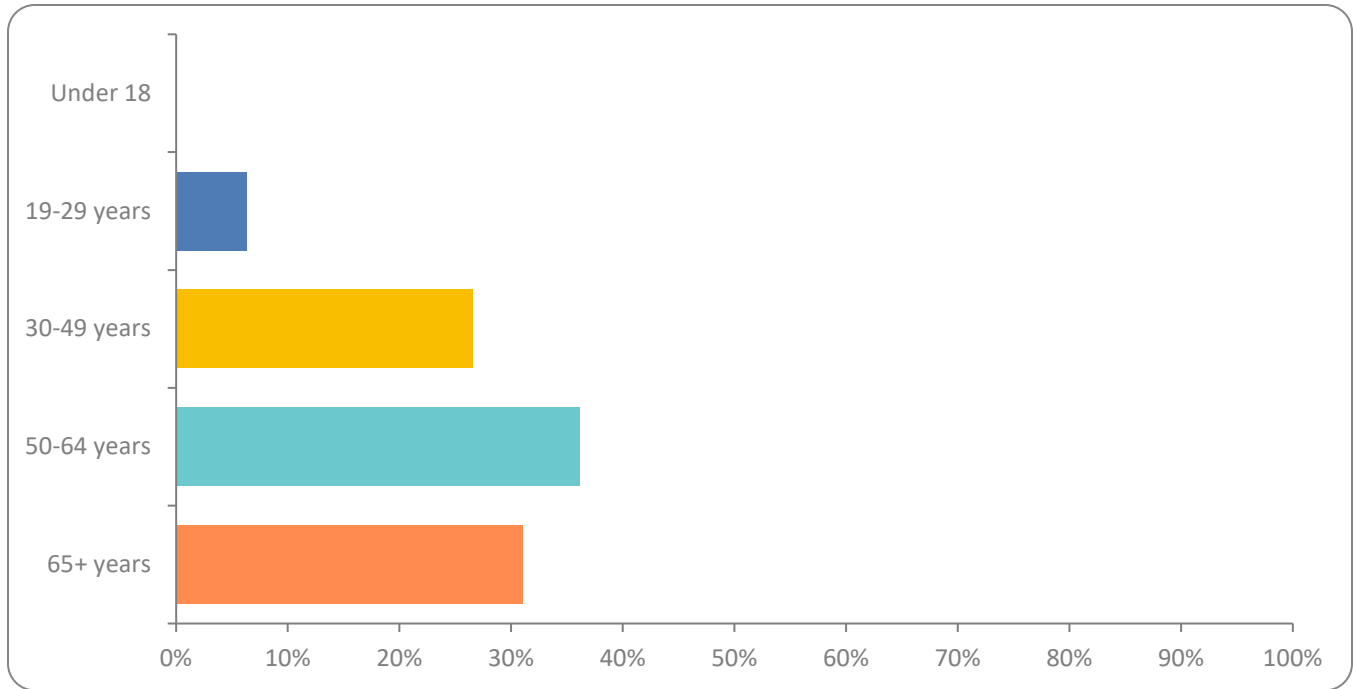

- We moved here to enjoy the rural area and beautiful land. We will fight against further development.
- No
- Update your website to have current issues, meetings listed
- In general, I believe we (the town) have been going in the correct direction with keeping development nearest to the Village of Saukville to avoid urban sprawl.
- The land across from the town hall should be open to the public as a park for residents and paying visitors to drive community activity and create jobs for residential youth.
- Please protect our land, water and wildlife!
- Some digital infrastructure for better online connections would be helpful.
- There are too many dead trees near power lines that if blown over would take down power lines on their way down - especially along County Road I north of Hwy. 33. 2. There should be an ordinance enacted that ALL political signs be removed from everyone's property one week after an election has been certified. I'm sick and tired of looking at Trump signs.
- Watch closely the land trust pressuring the elderly into their program. The elderly are targeted and need protection.
- Charter steals lights and noise pollution
- I attended a meeting of the plan commission and my husband and I were very impressed with the members of the board and how they ran the meeting
- Website is not user friendly and hard to find ordinances and such.
- Review outbuilding limits
- UTV access on roads
- The town leadership is to be commended for their willingness to address a thankless task
- We don't need any more parks. Sell the Payne and Dolan property as one 40 acre parcel so you keep the integrity of the property. You could still make the lake a fishing pond or stock fish in watts lake because these people around here will not catch and release. They'll fish the quarry lake until there's no fish left same as Watts lake. Invest more in the bog with more hiking trails instead of just making another park. Sadly there aren't a lot of people going to Tendick or the park which tells me adding another one doesn't make a ton of sense.
- The town of Eran purchased desirable trees to plant along the roads. As Asprung trimmed and made trees ugly the township cut down, cle a red and planted nice trees. Cheap trees can be obtained and individuals encourage to do the same here. People can be given permission to care.
- Lets consider some change, We have a dying street market on sundays, we have a music in the triangle dying, we have no shopping except walmart, we have no place to eat in town that is open past regular dinner hours. we have bars that most are afraid to go into or that change ownership yearly. Let some new blood in, burger king and kwik trip are not steps to becoming revelant.
- Some roads need improvement, but most are in good enough shape. On lands the town own.now, they should be sold to private people and.put back.on tax role. They can be sold restrictions per neighbor request
- I do not think Saukville is In need of any more parks.
- Not at this time.
- Limit development. I like the rural nature of the community.
- Do not follow the unrestrained "growth" that is happening in Grafton/Cedarburg. Focus on preserving what we have now and making it better. "Growth" is NOT always better. We can get what we need in surrounding towns that are already overgrown.
- The town needs to put an ordinances to ban solar fields and windmills or any other "green energy" that uses fossil fuels to run them.
- No new or expansion of heavy industry in the area, charter steel is large enough and has become a

negative impact on my property value and the light pollution and noise pollution at night are unsatisfactory to me as a citizen.

- None
- Our town is great - don't make drastic changes. We love our identity that is based on an agricultural, rural sentiment. I will concede that development along hwy 57 and I 43 make sense, but these policies and zoning specifications should be strictly limited and applied to those areas. Finally, DON'T let it become the new Cedarburg, Grafton, or Mequon. Let us thrive by being different than the rest!
- I know it can't be helped but the cow manure on the roads is so bad. The smell is also really horrible. I am not sure who is in charge of the town website but it needs to be updated more often.
- Payne and Dolan should stay as a 40 acre parcel for continuity. Make the lake a fishing pond, so people can enjoy it. Whomever buys Payne and Dolan's 40 acres must accept it borders a scrapyard and asphalt pit, and keep it single family 40 acres. This will not compromise the beauty of the property.
- invest in internet service infrastructure!

Q20: What is your age range? (please check one)
